RegTech100 lists Artius Global as one of the World's Most Innovative Companies for 2023

SINGAPORE, 5:00 PM SGT, WEDNESDAY, 7 DECEMBER 2022. Artius Global today announced that it has been recognised and placed on the prestigious [RegTech100](#) - a global list of top 100 regulatory technology companies that every financial institution needs to know about in 2023. The list recognises the world's most pioneering businesses that address and help financial institutions deal with regulatory pressures and risk management challenges.

“Emerging as a RegTech leader selected by a panel of analysts and industry experts from a longlist of nearly 1,300 businesses is a testament to our holistic strategy for regulatory innovations and value-added expertise as former practitioners to deliver exceptional compliance outcomes from our solutions,” says Jacqueline Pang, Managing Director and Co-Founder of Artius Global.

About Artius Global

Artius Global is an innovative Regtech company with locations in New York, London, Singapore, and Hong Kong. We are on a mission to simplify regulatory disclosures. Our proven solutions are made **for practitioners by practitioners**. With Shareholding Disclosure as our flagship solution, we are fast expanding from a company with a point-solution to a unified regulatory technology platform covering other regulatory areas, including Transaction Monitoring and ESG.
